

OUR COMMITMENT TO OUR CLIENTS

We are committed to a practice oriented to our clients' needs, first and foremost.

Location - Our offices are located at Riverfront Avenue and 1st Street SW in Eau Claire next to the Chinese Cultural Centre facing 1st Street SW.

Design - In addition to the convenience of our offices, they are designed and appointed in a manner which offers comfort and confidentiality to our clients. We have an extensive research library, a boardroom and conference room, and computerized office facilities.

Extended Office Hours - We recognize the demands of business and daily living, and special appointments can be made beyond regular office hours.

Prompt Emergency Services - Though our psychologists may on occasion be working outside our offices, our staff can readily contact each via personal cellular telephone in an emergency. Additionally, if the psychologist with whom you are dealing is unable to assist you, he or she will refer you to another associate who can provide assistance to you as required.

OUR STAFF

Our staff will serve you in a prompt, courteous and informed manner. We have a registered psychological assistant who provides assistance with the administration and scoring of psychological test instruments.

Today's increasingly demanding world presents many challenges. At times people are able to handle these difficult challenges on their own, or with the help of family and friends. On occasion, life's stresses and strains become too much to handle. Talking to a psychologist can help.

Psychologists are professionals trained to assess, diagnose, and treat a full range of emotional, behavioral, cognitive, and relationship problems.

As psychologists, we work with you to better understand your problems and find ways to help you resolve them. As psychologists, we help people help themselves.

CONSULTING PSYCHOLOGISTS

OUR SERVICES

We are an association of highly trained chartered psychologists embodying a strong sense of professionalism, responsiveness to clients' needs, and integrity.

Our unique strength is our ability to draw on individual and collaborative expertise to the benefit of our clients.

Our work reflects leading edge research and developments in psychology, which enables us to offer comprehensive psychological services.

We are one of the largest firms of psychologists specializing in both psycho-legal and industrial organizational areas.

We are all mediators trained in conflict management. In addition, we offer a wide range of assessment and counseling services to individuals, couples, and families.
